ABOUT THE CER

The CER is a think-tank devoted to improving the quality of the debate on the future of the European Union. It is a forum for people with ideas to discuss the many social, political and economic challenges facing Europe. It seeks to work with similar bodies in other EU countries, in North America and elsewhere in the world.

The CER is pro-European but not uncritical. It regards European integration as largely beneficial but recognises that in many respects the Union does not work well. The CER therefore aims to promote new ideas and policies for reforming the EU.

The CER's work programme is centred on seven themes:

- ★ The euro and economic reform
- ★ Enlargement of the EU
- ★ Reform of the EU's institutions and policies
- ★ European foreign and defence policy
- ★ Transatlantic relations
- ★ Justice and home affairs
- ★ The EU's relations with China and Russia
